## Vintner Carl Tiedemann's Tasting Notes:

Winemaker Sean Larkin and I share the same great passion for wine. We strive for that passion to be evident in the wines we make. Sean has done a wonderful job of interpreting the taste and structure I want in my flagship wine: the Tiedemann Signature Series Red Wine. The 2009 Tiedemann is a beautifully crafted Bordeaux-style blend that is predominantly Cabernet Sauvignon. The wine possesses all the elements of greatness, including individuality, elegance and a complexity combined with a compelling richness. The smooth mouth feel of this wine offers a soft velvety texture which is pleasing to the palate and provides a long harmonious finish. This wine will improve in the bottle and should drink well for many years to come.

## Winemaker Sean Larkin's Tasting Notes:

This is only the second vintage of the Tiedemann Signature Series Red Wine - a Napa Valley varietal composite that captures both the depth of the vintage and the diversity of the vineyards. The wine is intensely aromatic and while full on the palate, manages great purity and finesse. The tannins are ripe and completely integrated. Overall a rich, complex and compelling wine that will undoubtedly age with grace.
